About Custom

For over thirty years, Custom Computer Specialists has helped Northeast public and private sector clients perform better. Offering an extensive range of services including consulting, implementation, and support, we maximize the value derived from your IT investments.

Founded in 1979, we have built our reputation on the creation and execution of technology services and solutions that delivered expected results. As a privately-held enterprise, we offer a unique and compelling combination of corporate flexibility and extensive IT capability resulting in client-centric solutions that work.

To learn more about how Custom can help your organization succeed, please call 800.598.8989 or visit us online at www.customonline.com.
