CUSTOM COMPUTER SPECIALISTS AWARDED NEW YORK STATE CONTRACT FOR SECURITY SYSTEMS AND SOLUTIONS

HAUPPAUGE, NY (June 14, 2011) — Custom Computer Specialists Inc. ("Custom"), a leading IT services provider, today announced it has been awarded a New York State Office of General Services (OGS) contract to supply security products, installation, systems integration and maintenance services. This contract enables Custom to offer its products and services to all eligible New York state agencies, municipalities, and educational institutions.

"We are committed to providing customers with highly secure systems and solutions and are thrilled to be awarded this contract," said Greg Galdi, Custom's president and CEO. "In today's world, security is more important than ever. Custom has a full portfolio of solutions, services and partners to help our customers see, manage and mitigate security risks in real time allowing for proactive rather than reactive responses."

Custom's OGS contract number for Security Systems and Solutions is PT65436. Key manufacturer partners include: Axis, Panasonic, Sony, Verint, Milestone, NVT, OnSSI, ViewSonic, Firetide and DragonWave. Custom also holds OGS contract CMS188A to provide consulting, systems integration, training, and support services, and provides products of over 30 manufacturers under other New York State contracts. For more information, please visit: www.customonline.com/pdfs/NYScontracts.pdf.

Custom has been working with Public Sector entities throughout the region for more than thirty years, providing a full range of services, including the following:

- IT network infrastructure, including virtualization, wireless, unified communications, video, mobile device computing and security
- Product acquisition
- Professional development
- Student information system implementation and support
- Comprehensive onsite and remote support programs
